---

Education & Training

Front-End Web Development Certificate
ALX Africa — 2024
Completed an intensive, project-based program covering HTML, CSS, JavaScript, React, responsive design, and industry best practices.

Developed a strong front-end foundation through self-directed learning, online courses, and practical projects utilizing modern web technologies.

Highlights

- Built responsive interfaces with React and Tailwind CSS
- Integrated REST APIs for dynamic content
- Used Sass for clean, reusable styles
- Focused on accessibility and performance
- Skilled in debugging and optimizing front-end code
